

# Summary

<b>List of Acronyms</b> . . . . .	pag. 15
<b>Foreword</b> . . . . .	» 17
<b>Reading the Territorial Cohesion</b> . . . . .	26
1. Methodological Approach and development process in the PRIN research . . . . .	» 28
2. Country and regions in the European framework of Territorial Cohesion . . . . .	» 34
Discussion of results. . . . .	» 39
Remarks. . . . .	» 42
References . . . . .	» 47
Appendix A: How STeMA selected the list of 74 indicators . . . . .	» 49
<b>Statistical visions from the STeMA application: a joint trial</b> . . . . .	53
1. Problem definition and objectives . . . . .	» 53
2. Materials and methods . . . . .	» 54
3. Results and discussion. . . . .	» 55
4. Conclusion and further research . . . . .	» 59
References . . . . .	» 61
<b>PART ONE. Assessment of National Operational policies: effects on territorial cohesion</b> . . . . .	63
<b>1. Territorial Capital: effects of national and regional cohesion policies</b> . . . . .	65
1.1. Introduction . . . . .	» 65
1.2. Structures of research . . . . .	» 66
1.3. National Operational Programme Small & Medium Enterprises Initiative: main objectives and procedure followed . . . . .	» 69
References . . . . .	» 71
<b>2. The measure of territorial capital: the application of the STeMA Model to the     NOP Infrastructure and Networks</b> . . . . .	» 73
2.1. Objectives and contents of the NOP . . . . .	» 73
2.1.1. Analysis of the <i>Smart Growth</i> determinant . . . . .	» 74
2.1.2. Analysis of the <i>Sustainable Growth</i> determinant . . . . .	» 76
2.1.3. Analysis of <i>Inclusive Growth</i> determinant . . . . .	» 86
2.1.4. Analysis of <i>Resources and Funds</i> determinant . . . . .	» 89
2.2. Policy indications. . . . .	» 100
References . . . . .	» 100

<b>3. Analysis of National Operational Programmes in relation to the theme of ‘Territorial Capital’. NOP ESF Systems for Active Employment Policies and NOP ESF Youth Employment Initiative.</b> . . . . .	pag.	102
3.1. The NOP ESF Systems for active employment policies . . . . .	»	102
3.1.1. Reference thematic objectives . . . . .	»	103
3.1.2. The NOP Youth Employment . . . . .	»	103
3.2. Complementarity and integration with other dedicated documents. . . . .	»	105
3.2.1. The NOP EDU For the School – Skills and environments for learning . . . . .	»	105
3.2.2. The Common Strategic Framework 2014-2020. Main principles . . . . .	»	105
3.2.3. Financial allocation of the NOP-SAEP . . . . .	»	105
3.3. State-of-the-art policy applications. . . . .	»	106
3.4. NOP-SAEP analysis conducted with STeMA. . . . .	»	106
3.4.1. Inclusive Growth matrix . . . . .	»	110
3.4.2. Resources and Funds matrix . . . . .	»	110
3.4.3. Smart Growth matrix . . . . .	»	112
3.4.4. Sustainable Growth matrix . . . . .	»	113
3.5. Recommendations for the NOP 2020, Data territorialization . . . . .	»	115
References . . . . .	»	120
<b>4. Social Inclusion and Territorial Dynamics</b> . . . . .	»	121
4.1. Introduction . . . . .	»	121
4.2. Policies based on Age . . . . .	»	123
4.3. Employment policies . . . . .	»	126
4.4. Public health . . . . .	»	127
4.5. Conclusions. . . . .	»	128
References . . . . .	»	130
<b>5. Smart Growth and Inner Areas for the Territorial Cohesion of the Italian Regions</b> . . . . .	»	132
5.1. The difficult encounter between intelligent growth and peripheral areas: the terms of the debate in Europe and in Italy. . . . .	»	132
5.2. Smart growth in Italy in the 2014-2020 programming. . . . .	»	134
5.3. STeMA simulations and smart growth in the Italian provinces. . . . .	»	135
5.3.1. The determinant <i>Smart Growth</i> and the UI and BUL indicators . . . . .	»	135
5.3.2. The PAI, PL and RDI indicators. . . . .	»	136
5.3.3. The IDI and PET indicators . . . . .	»	137
5.3.4. The PLL and RL indicators. . . . .	»	138
5.4. Smart growth at the service of the Territorial Cohesion of the Italian regions: from smart city to smart land. . . . .	»	139
References . . . . .	»	141
<b>6. Inclusive Growth in Inner and Internal Areas: policies sustaining quality of life as driver of Territorial Development</b> . . . . .	»	143
6.1. Introduction . . . . .	»	143
6.2. Promotion of inclusive growth in inner and internal areas . . . . .	»	144
6.3. Promotion of inclusive growth through the NOP Metro . . . . .	»	145
6.4. Promotion of inclusive growth through the NOP Culture and Development . . . . .	»	147

6.5. Ex ante and ex post evaluation: the OpCu indicator . . . . .	pag. 149
6.6. Policy recommendations: more measures fostering quality of life improvements means greater territorial growth. . . . . »	152
References . . . . . »	155
<b>7. ‘Inner Peripheries’ and infrastructural policies in Italy . . . . . »</b>	<b>156</b>
7.1. Introduction . . . . . »	156
7.2. Inner peripheries in Italy . . . . . »	156
7.3. Inner peripheries and infrastructural sustainability. . . . . »	161
7.4. The effects of policy decisions regarding infrastructure. . . . . »	163
References . . . . . »	168
<b>8. Territorial Impact Assessment of the OPs 2014-2020 for the competitiveness of regional economies. A STeMA model application. . . . . »</b>	<b>170</b>
Introduction . . . . . »	170
8.1. Methodological premises . . . . . »	170
8.2. Productivity/Competitiveness within the EU structural funds and territorial policies: criteria for the selection of the OPs. . . . . »	172
8.3. Productivity/Competitiveness within the EU structural funds and territorial policies: short description of the selected OPs . . . . . »	174
8.4. Matching topic, OPs objectives and policy choices for the STeMA ex post evaluation . . . . . »	176
8.4.1. Reading of the National Operational Programme for Enterprise and Competitiveness (NOP-E&C) . . . . . »	177
8.4.2. Reading of the National Operational Programme Small and Medium Enterprise Initiative (NOP-SME) . . . . . »	179
8.4.3. Reading of the National Operational Programme on Research and Innovation (NOP-R&I) . . . . . »	180
8.4.4. Reading of the National Operational Programme on Infrastructure and Networks (NOP-I&N). . . . . »	182
8.4.5. The National Operational Programme on Youth Employment Initiative (NOP-YEI). . . . . »	184
8.4.6. Reading of the National Operational Programme Systems of Active Employment Policies (NOP-SAEP) . . . . . »	186
8.4.7. Overall assessment of the selected Policy Choices featured in the initial STeMA setting . . . . . »	187
8.5. Assessment of the ex ante and ex post configurations of the theme Productivity/ Competitiveness at the national level . . . . . »	188
8.5.1. NOPs applicable to all regions . . . . . »	188
8.5.2. NOPs applicable to the whole Italian <i>Mezzogiorno</i> (‘Less developed and In transition regions’). . . . . »	194
8.5.3. NOPs applicable to the ‘less developed’ southern regions (Less developed regions). . . . . »	196
8.6. Conclusions and Policy recommendations . . . . . »	198
References . . . . . »	203
<b>9. Green, Blue and Circular Economy in Italy. . . . . »</b>	<b>205</b>

9.1. A non-straightforward definition . . . . .	pag. 205
9.2. State of the Art in Italy and main targets . . . . .	207
9.2.1. National Action Plan on Circular Economy . . . . .	» 207
9.2.2. National Strategy for Sustainable Development . . . . .	» 207
9.2.3. Energia Clima 2030 – National Integrated Plan Energy and Climate . . . . .	» 209
